

The purpose of this document is to give you a structure and reference data that will enable you to experiment with AIRS for Property Managers in any of the roles. The database gets refreshed frequently and without notice so your updates may disappear overnight. Have fun.

C&H Properties is the name of a fictitious property management company. Also shown in this chart are three properties, tenants at each, and a service company called East Bay Facilities Services. The table on the next page is color coded to show who is associated with which company. So that you can access this sample site, the table provides you with a link to the AIRS web site for this property management company, access codes so that you can log in to the information service as any of the people shown here, and you can go to mail.ntrwrx.com and login to the email there and see the email alerts that get created by AIRS for Property Managers.

To put AIRS to work in your firm's property management area, or if you'd like to learn more about how to do it, contact Don at don.gray@InterWorksSoftware.com.

## Demonstration Access Codes

Use the table below to determine which codes to use to access AIRS or an email account.

To use AIRS for Property Managers – go to [www.InterWorksSoftware.com/airs-pm-demo](http://www.InterWorksSoftware.com/airs-pm-demo). Then login as the persona you want to “act as.”

To check email accounts – <http://mail.ntrwrx.com>. Then login using the access codes for the person’s email account you want to see.
